

## Introducing the Mite Poster for the 2010-2012 Mite Goal

A Mite Poster to track mite giving and payments to mission grants is now available. It includes a graphic based on the theme of the Austin Convention, "Melody of God's Love." The center of the guitar has been partially filled to indicate progress as of January 31, 2011 towards the work program goal of \$328,280 by March 31, 2012. Progress can be tracked on the Web site at [www.lwmltxdist.org](http://www.lwmltxdist.org) on the Mites page each month.

There is also a listing of the mission grants adopted for this biennium with a total mission grant goal of \$185,187.50 (includes overage from previous biennium). As grant payments are made they are also updated on the Web site on the Mission Grants page. A column has been included to write in the amounts as they are paid.

Please note that mites fund the entire work program goal of the LWML Texas District. This includes 75% to fund all aspects of the mission of the district and 25% to national mites for its work program. A separate travel fund is maintained for the Board of Directors to attend the national conventions with funding coming from a travel assessment to each zone. In addition district conventions are funded separately from the work program.

Please share this Mite Poster with the members of your society and church. May God continue to richly bless our mites as they share the "Melody of God's Love" throughout Texas and the world.
